About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Drum Heating Oven

Drum Heating Ovens are intended for heat-sensitive chemicals, agrochemicals & drugs. These drum heating ovens are extraordinarily planned high temperature blowers that guarantee uniform air course and steady temperature inside the broiler. Drum spinning system is available to guarantee uniform heat appropriation with most extreme temperature upto 400°C. The heating zone length of drum heating ovens fluctuate from 3 meters to 6 meters, cinchs width from 4 meters to 9 meters and procedure time range from 10 minutes to 30 minutes. We offer both gas-let go models & electrically heated models.

- Thermic Fluid Drum Heating Oven
- Steam Drum Heating Oven
- Electrical Drum Heating Oven
- Electric Infrared Drum Heating Oven
- Flameproof / Explosion Proof Drum Heating Oven
