COMMERCIAL SCALE COATING LINE

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Commercial Scale Coating Line

Introducing our Commercial Scale Coating Line, a pinnacle of innovative technology and meticulous engineering tailored for a diverse range of sectors, ensuring consistent and exceptional outcomes. Our brand stands at the forefront, enhancing both durability and aesthetic appeal with flawless finishes on electronics and automotive parts alike. Committed to sustainability, we employ eco-friendly techniques to minimize waste without compromising functionality, aligning our practices with environmental responsibility. With state-of-the-art automation, our coating line maximizes throughput while maintaining unparalleled precision, enabling clients to effortlessly meet production targets and deadlines.

Whether it's enhancing surface qualities or preventing corrosion, our system exemplifies our unwavering dedication to quality and client satisfaction, ensuring that every finished product meets the highest standards of excellence. Experience the epitome of coating technology with our Commercial Scale Coating Line, where reliability, efficiency, and environmental consciousness converge to redefine industry standards and exceed expectations.

Features

- Simplified and easy to operate but very effective control system.

- Lesser or minimum human interface, automated completely.
- Thickness control with exact level of tolerance.
- Wastage control mechanism, to avoid wastage of coating chemical or material.
- Technically advance implementation to offer long term committed performance

Advantages

- Increased Production Efficiency
- Consistent Coating Quality
- Cost Efficiency
- Customization and Flexibility
- Quality Assurance and Testing
- Speed and Throughput
- Reduced Labor Costs
- Advanced Technology and Innovation
- Environmental Considerations
- Scalability
- Regulatory Compliance

Application

- Automotive Industry
- Aerospace Industry
- Electronics Manufacturing
- Industrial Manufacturing
- Medical Devices
- Packaging Industry
- Furniture Manufacturing
- Mining and Construction Equipment

OUR CLIENTS

THANK YOU
