# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Custom Built Heaters

KERONE specializes in crafting custom-built heaters that seamlessly blend modern technology with meticulous engineering, ensuring peak performance and energy efficiency while adhering to strict environmental guidelines. With a commitment to sustainability, our heaters not only meet heating needs but also prioritize environmental responsibility. From radiant heating systems to infrared heaters, our personalized solutions maximize comfort and minimize energy consumption. Our dedicated team meticulously collaborates with clients to assess their heating requirements, considering factors like budget, operating parameters, and environmental conditions.

This collaborative approach ensures that each custom-built heater surpasses expectations in usefulness and durability. With flexibility at our core, we tailor designs to match specific needs, optimizing energy efficiency and reducing environmental impact. Quality and safety are paramount, as we use only the best materials and adhere to stringent quality control procedures, ensuring the longevity and reliability of every heater. Whether for consumer appliances, industrial furnaces, or laboratory experiments, our custom-built heaters offer unmatched performance, efficiency, and safety.

### Features

- Tailored Design
- Energy Efficiency
- Advanced Technology
- Diverse Heating Elements
- Durability and Longevity
- Adaptable for Various Applications
- Dedicated Customer Support
- Easy Installation and Maintenance
- Energy-efficient design to minimize waste.

### Advantages

- Durability and reliability with high-quality materials.
- Optimized performance for specific heating requirements.
- Increased energy efficiency through tailored design.
- Flexibility to fit unique heating needs.
- Tailored design to meet exact specifications.
- Personalized support throughout the process.

### Application

- Oil Pipeline Industry
- Petrochemical Industry
- Medical and Laboratory Equipment
- Greenhouse Heating
- Waste water treatment

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us  
+91-22 48255071,  
48255072

## UNIT 2

Plot No. B-47, Addl. Midc Anandnagar, Ambernath (E), Dist. Thane (India)- 421506
