DRUM HEATING OVEN

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Drum Heating Oven

Introducing the Drum Heating Oven, a reliable and efficient heating solution designed to meet the demanding needs of various industries. With precision engineering and durable construction, our oven ensures consistent and uniform heating throughout the barrels, significantly improving operations in sectors such as food processing, chemicals, and pharmaceuticals. Featuring adjustable temperature controls and comprehensive safety features, our ovens provide a controlled environment for heating drums of different sizes and compositions. This ensures the preservation of product quality and enhances overall operating efficiency.

Our Drum Heating Oven stands out with its innovative design and high-quality craftsmanship, making it an invaluable asset for businesses seeking superior heating solutions. Trust in our expertise to elevate your heating processes and optimize your operations with precision and reliability.

Features

- Provides reliable and effective heating solutions for drums.
- Ensures consistent heating throughout the barrels.
- Durable build guarantees longevity and reliability.
- Adjustable Temperature Controls
- Comprehensive safety measures ensure secure operation.
- Suitable for drums of various sizes and compositions.
- Maintains the integrity and quality of heated products.
- Crafted with quality materials for consistent performance.
- Optimizes operations in industries such as food processing, chemicals, and pharmaceuticals.

Advantages

- Reliable Performance
- Enhanced Safety
- Versatile Applications
- Preservation of Product Quality
- Adjustable Temperature Controls
- Energy Efficiency
- Long-lasting Durability
- Versatile Drum Compatibility
- Ease of Maintenance
- Improved Operating Efficiency

Application

- Food Processing
- Chemical Industry
- Pharmaceuticals
- Paint and Coatings
- Petroleum and Lubricants
- Waste Management
- Textile Industry
- Water Treatment
- Construction Materials
- Cosmetics Manufacturing

Technical specifications

Product name	Drum Heating Oven	Model	1500x(1600+1600)x1500
Working temperature scope	Room +10~200°C	Working room size	1500x(1600+1600)x1500 mm (DXWXH)
Heating power	18KW+18KW	Temperature control precision	±1°C
Heating component	stainless steel electric heating tube	Uniform temperature	±2.5°C(no-load)
Motor power	1100W * 4set	Inner device	Total 2 working rooms and 2 shelves inside the oven, each shelf with one working layer, can put 4 drums. Total accommodate 8 drums for one oven. Each working room can be individually controlled for different temperatures. Load capacity of each shelf 1500kg. Each shelf size: 1400x1400mm DXW Each drum size D580mm x H900mm
