# FABRIC COATING MACHINE

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Fabric Coating Machine

The Fabric Coating Machine is an indispensable tool within the textile industry, revolutionizing the production process by allowing manufacturers to customize materials to precise specifications.

At KERONE, we've honed our expertise over 48+ years to design and manufacture these machines, ensuring they meet the diverse needs of our clientele. Our Fabric Coating Machines employ various advanced techniques such as hot-melt coating systems, slot die coating machines, and reverse roll coating, enabling the application of coatings that enhance fabric characteristics like water resistance, flame retardancy, and durability.

From small-scale manual systems to large-scale automated production lines, our machines cater to a broad spectrum of industries including automotive, clothing, and home furnishings. Built with high-quality components and stringent quality control measures, our Fabric Coating Machines prioritize durability, reliability, operator safety, and product integrity, empowering manufacturers to produce innovative materials with enhanced functionality and performance.

### Features

- Quick lifting system
- Vibration free rigid doctor blade construction.
- Special arrangement to set very fine gap across the width
- Perfect uniform coating across the whole width
- Micro adjustment individual and together left / right
- Dual knife system with option of thin /thick coating

### Advantages

- Enhanced Performance
- Customization
- Increased Durability
- Weather Resistance
- Cost-Effective
- Improved Aesthetics
- Regulatory Compliance
- Innovation and Technology Integration

### Application

- Waterproofing
- Flame Retardancy
- Stain Resistance
- Anti-Microbial Coatings
- UV Resistance
- Aesthetic Enhancement
- Abrasion Resistance
- Electronic Textiles (E-textiles)

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
