# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Flash Cure Dryers

KERONE offers a comprehensive range of Flash Cure Dryers meticulously designed to cater to the diverse needs of the textile printing industry. Available under the esteemed brand name of KERONE, these dryers are crafted with precision engineering to ensure optimal performance and longevity. Whether manual or automatic, our flash cure dryers are tailored to meet the stringent requirements of screen printing processes, equipped with high-end hot air blowers, digital temperature controllers, and lamp reflector modules. What sets our dryers apart is not just their speed and accuracy, but also their energy efficiency and minimal environmental impact. Utilizing modern heating elements and insulating materials, our flash cure dryers maximize productivity while minimizing carbon footprint.

With temperature control and customizable settings, they offer versatility across various fabrics and ink types, guaranteeing impeccable results every time. Compact and ergonomic in design, our dryers optimize space utilization in printing setups, ensuring efficient workflow and enhanced productivity. Embodying the perfect blend of efficiency and precision, KERONE's Flash Cure Dryers are at the forefront of revolutionizing ink curing in textile printing, setting new standards for quality and performance in the industry.

### Features

- Stainless steel screen covering element
- Insulated for maximum efficiency
- Plugs into a standard wall outlet
- Powder coated finish
- Adjustable height floor stand with rotating head
- Strong Base with wheels for easy use (Wheels are Optional)
- Superior quality of wiring system specially designed longer operating life

### Advantages

- Accelerated Curing Time
- Precision and Consistency
- Reliability and Durability
- Space Optimization
- Energy Efficiency
- Improved Productivity
- User-Friendly Features
- Cost-Effective Solution

### Application

- Ink Curing
- Spot Curing
- Sterilization
- Plasticizing and Preheating
- Textile Manufacturing
- Garment Printing
- Laboratory Testing
- Promotional Products

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
