# FLAT BELT CONVEYORISED OVEN

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Flat Belt Conveyorised Oven

KERONE specializes in the supply and design of high-quality flat belt conveyor ovens tailored to meet the specific needs of customers. These ovens feature various zones for drying and heating, allowing for precise control over the baking process. The flat belt structure of the conveyor ensures proper material handling during processing, with the option to choose different types of conveyor belts based on process requirements. Digital controls enable operators to adjust conveyor speed, length, and zoning as needed, providing flexibility and ease of use.

The user-friendly design and compact footprint make these ovens ideal for facilities with limited space, offering increased production potential while maintaining consistent output quality. Powered by modern equipment, our conveyorized ovens are not just equipment but solutions for enhancing production line efficiency. With robust construction and reliable components, these ovens ensure long service life with minimal unplanned downtime and maintenance costs. Suitable for various industries, including food and electronics, our conveyorized ovens deliver quality heating performance for a wide range of applications.

### Features

- Conveyor Driven by a reliable, heavy-duty, variable-speed AC motor with imported variable speed drive and gear box.

- Fans/blowers are incorporated in each zone for air circulation and uniform temperature
- Products are placed on the belt on loading side of the oven & unloaded from the other side
- Air-cooled electrical control cabinet insures long life of electrical components Conveyor System.

### Advantages

- Uniform Heating
- Continuous Processing
- Customization
- Space Efficiency
- Versatility
- Automation Integration
- Energy Efficiency
- Reduced Labor Requirements
- Consistent Output

### Application

- Food Industry
- Automotive Industry
- Wood Industry
- Pharmaceutical Industry
- Plastics Industry
- Metal Industry
- Ceramics Industry
- Printing Industry

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us
