# HOT MELT ADHESIVE PLANT

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Hot Melt Adhesive Plant

Industrial hot melt adhesive plants are sophisticated facilities designed for the production of hot melt adhesives, versatile materials widely used across various industries. These plants are equipped with advanced machinery and technology to efficiently blend and process raw materials such as resins, polymers, additives, and solvents, ensuring precise formulation and quality control.

The production process typically involves heating, mixing, and extrusion to create uniform adhesive compounds tailored to specific applications. From packaging to automotive, woodworking to textiles, hot melt adhesives offer quick bonding, high strength, and versatility. Industrial hot melt adhesive plants play a crucial role in meeting the diverse adhesive needs of modern manufacturing, contributing to enhanced efficiency, durability, and innovation across industries.

### Features

- Advanced machinery for precise blending and processing of raw materials
- Efficient heating, mixing, and extrusion processes
- Quality control measures to ensure uniform adhesive compounds
- Customizable formulations for various applications

- Quick bonding and high-strength properties
- Contribution to enhanced efficiency and durability in manufacturing processes.
- Versatility to cater to industries such as packaging, automotive, woodworking, and textiles

### Advantages

- Wide range of industry applications
- Efficient production process
- Versatile adhesive formulations
- Quick bonding capabilities
- Consistent quality control
- High strength adhesion
- Tailored for various applications
- Enhanced manufacturing efficiency
- Integration of Multiple Processes
- Compliance with Standards

### Application

- Automotive, Construction
- Chemical Processing
- Woodworking
- Carton sealing, case and tray forming, labeling, and pallet stabilization.
- Spine gluing, cover attachment, and magazine binding.
- Bonding plastic parts, appliance manufacturing, and furniture production.

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us  
+91-22 48255071,  
48255072

## UNIT 2

Plot No. B-47, Addl. Midc Anandnagar, Ambernath (E), Dist. Thane (India)- 421506

Contact Us  
+91(0251)26205  
42/43/44/45/46

## KRDC

Plot No K2, Industrial Gala F4A, D- Wing, MGN Properties, Opposite Godrej Co., Addl MIDC Anand Nagar, Ambernath (E)- 421506 (India)

Contact Us
