ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Infrared Flash Cure

The Infrared (IR) "flash" cure dryer represents a cutting-edge solution for textile, garment printing, and screen applications. Renowned internationally for its superior performance and durability, our range is meticulously designed and developed to meet the demands of various industries. Equipped with a user-friendly control panel, our IR flash cure dryer offers precise control over the drying process, ensuring consistent and uniform curing across different materials. Utilizing high-tech technology, our system delivers fast and effective drying times, enabling higher flow rates and vibrant colors. Whether in the textile, graphic, or industrial printing sectors, our IR flash cure system is tailored to meet specific industry needs.

By harnessing the power of flash irradiation using infrared radiation, our system enhances productivity and output quality, while significantly reducing cycle times without compromising on quality standards. This transformative technology revolutionizes the printing process, delivering exceptional results and driving operational efficiency in various printing applications.

Features

- Timer, controller
- Remote start pulse
- Auto, manual switches
- Control panel on battery

- Cooling fans with high volume, pressure
- Caser wheels (brake wheels 2 No) nylon wheels
- Distance between pallet to floor lever app. Height 35"
- Height variation up to 250 mm from pallet
- All wiring, ducks on the portable system would be nicely done

Advantages

- Swift Curing Times
- Enhanced Productivity
- Versatility Across Substrates
- Energy Efficiency
- Space Efficiency
- Reduced Heat Exposure
- Consistent and Uniform Curing
- Cost-Effective Operation
- Improved Print Quality
- Adaptability to High-Speed Printing

Application

- Textile Printing
- Screen Printing
- Industrial Printing
- Graphic Printing
- Packaging Printing
- Label Printing
- UV Printing

OUR CLIENTS

THANK YOU

UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
