

KERONE
Kerone Engineering Solutions Limited

INDUSTRIAL GAS BURNER

48⁺ Years
Of experience

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Industrial Gas Burner

Industrial gas burners are meticulously engineered to optimize combustion efficiency, minimize emissions, and ensure safety, embodying precision in their design. These versatile devices are tailored to meet specific requirements, offering flexibility in heat output, flame characteristics, and operational control. With their crucial role in various manufacturing processes, industrial gas burners contribute significantly to the energy efficiency and productivity of industrial facilities across diverse sectors.

From metal fabrication to food processing, chemical production, and power generation, these burners provide efficient and controlled combustion of gases, including natural gas and propane, to generate heat for industrial applications. Their reliability and consistency make them indispensable components in enhancing overall operational performance and sustainability in industrial settings.

Features

- Combustion Control
- Turndown Ratio
- Low Emissions
- High Efficiency
- Variable Flame Shape
- Durability and Reliability

- Safety Features
- Modularity
- Remote Monitoring and Control
- Ignition Systems
- Adaptability
- Reliable and consistent heat source for industrial processes

Advantages

- Efficiency
- Clean Burning
- Temperature Control
- Lower Maintenance Costs
- Reduced Wastage
- Cost-Effective Fuel
- Space Efficiency
- Quick Start-Up and Shutdown
- Compliance with Regulations

Application

- Heating Systems
- Power Generation
- Metallurgical Processes
- Glass Manufacturing
- Chemical Processing
- Water Heating
- Food Industry
- Waste Incineration

OUR CLIENTS

THANK YOU

UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
