ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Industrial Heating Equipment

Industrial Heating Equipment prides itself on offering a diverse range of products meticulously crafted to meet the evolving needs of contemporary enterprises, with a primary focus on industrial heating solutions. Our comprehensive lineup includes cutting-edge boilers and furnaces renowned for their unparalleled efficiency and performance. Built upon a foundation of precision engineering and robust construction, our systems guarantee optimal temperature regulation, ensuring consistent heating across various industrial operations while minimizing energy consumption.

Whether utilized for food preparation, chemical processing, or metalworking, our heating solutions uphold and elevate quality standards, contributing to enhanced productivity and product integrity. Backed by our commitment to innovation and customer satisfaction, our dependable and sophisticated heating solutions empower businesses to thrive in the competitive landscape of the modern industrial environment. At Industrial Heating Equipment, we continuously strive to exceed expectations, delivering solutions that epitomize reliability, efficiency, and excellence.

Features

- Diverse range of industrial heating solutions.
- Specialized boilers and furnaces for various applications.
- Ideal for food preparation, chemical processing, and metalworking.
- Dependable performance backed by robust construction.
- Consistent heating throughout industrial operations.
- Continuous innovation to meet evolving industry demands.

Advantages

- Increased efficiency leading to cost savings.
- Enhanced temperature control for consistent results.
- Energy-efficient designs for sustainability.
- Superior durability for longevity in harsh environments.
- Customizable configurations for specific applications.
- Comprehensive support services for peace of mind.

Application

- Textile Industry
- Food Processing
- Pharmaceutical Production
- Automotive Industry
- Environmental Control
- Energy Production
- Printing Industry

OUR CLIENTS

THANK YOU
