

KNIFE OVER ROLL COATING MACHINE

48⁺ Years
Of experience

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Knife Over Roll Coating Machine

The Knife over roll coater has traditionally been the choice when needing to put down a substantial and level coating of medium to high consistency onto uneven surfaces, for example, materials, fiber glass mats and non woven. Average applications incorporate cast movies, emblazoned and plain deck, fortified plastics, medicinal dressings, material cement coatings.

This process depends on a coating being connected to the substrate which then goes through a "gap" between a "knife" and a bolster roller. Contingent upon the wanted impact to the knife is countered by a roller, platen or nothing by any means; in this manner roller knives, platen knives and air knives are recognized. The knife bar of current coating plant is outfitted with a few coating knives and is alterable as per the pistol rule. This encourages a brisk change of the knives, particularly of the roller and the air knife.

Application

- Film and Foil Coating
- Textile Industry
- Adhesive Coating
- Converting Industry
- Photovoltaic Industry
- Electronic Industry
- Flexible Packaging
- Paper and Printing Industry

Features

- Speed and Tension Control
- Knife System
- Material Handling
- Drying System
- Roller System
- Control Panel
- Safety Features
- Precision and Accuracy
- Energy Efficiency
- Coating Material Delivery System

Advantages

- Uniform Coating Thickness
- Versatility
- Low Viscosity Coatings
- Edge-to-Edge Coating
- Easy Cleaning and Changeovers
- Less Foaming
- Reduced Maintenance

OUR CLIENTS

THANK YOU

UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
