# MEDIUM WAVE INFRARED HEATING MOULDS

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Medium Wave Infrared Heating Moulds

Medium Wave Infrared Heating Moulds represent a pinnacle in precise heating technology, revolutionizing industrial production processes with unparalleled control, consistency, and energy efficiency. Harnessing the power of medium wave infrared radiation, these innovative molds deliver targeted heat to materials swiftly and evenly, optimizing production efficiency while minimizing energy loss. Their remarkable accuracy ensures uniform heating throughout the mold's surface, eliminating temperature gradients and yielding high-quality products consistently.

Versatile and adaptable, Medium Wave Infrared Heating Moulds can accommodate a wide range of materials and forms, from metals to plastics, facilitating quicker cycle times and higher output for manufacturers. Moreover, their energy efficiency not only reduces carbon emissions and energy consumption but also translates into significant long-term cost savings. With superior heat transfer capabilities and advanced control systems ensuring safety and convenience, Medium Wave Infrared Heating Moulds exemplify cutting-edge technology tailored for modern industrial needs.

### Features

- Easy integration / compact design
- Modular construction
- Easy connection
- Medium wavelengths
- High technological sophistication
- Energy efficiency for cost savings.
- User-friendly design

### Advantages

- Precision heating
- Rapid heating
- Energy efficiency
- Energy efficiency
- Targeted heating
- Versatility
- Environmentally friendly
- User-friendly design
- Consistent performance

### Application

- Thermoforming
- Plastic forming
- Shrink packaging Tunnels
- Healthcare facilities
- Laminating
- Drying lacquers and paints
- Food processing
- Drying paint, curing adhesives, and forming plastics.

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us  
+91-22 48255071,  
48255072

## UNIT 2

Plot No. B-47, Addl. Midc Anandnagar, Ambernath (E), Dist. Thane (India)- 421506

Contact Us  
+91(0251)26205  
42/43/44/45/46

## KRDC

Plot No K2, Industrial Gala F4A, D- Wing, MGN Properties, Opposite Godrej Co., Addl MIDC Anand Nagar, Ambernath (E)- 421506 (India)

Contact Us
