

48⁺ Years
Of experience

MIXING VESSEL

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Mixing Vessel

Introducing our Mixing Vessels, meticulously crafted to meet the rigorous demands of various industries including food processing and pharmaceuticals. Representing the pinnacle of engineering precision, these vessels are designed to deliver unparalleled efficiency in mixing and blending operations. Built to withstand harsh conditions and prevent corrosion, they ensure longevity and reliability, promising uninterrupted performance even in the most challenging environments.

Customizable features enable seamless integration into existing workflows, enhancing overall operational efficiency across all scales of production. From small-scale applications to large-scale manufacturing processes, our Mixing Vessels embody a commitment to excellence, innovation, and superior performance.

Features

- Precision engineering for uniform mixing.
- Durable construction to resist corrosion.
- Customizable design to fit specific needs.
- Efficient mixing mechanisms for quick blending.
- Temperature control for optimal reactions.
- Sanitary design for cleanliness and purity.
- Integrated controls for precise regulation.

- Safety features for operator protection.
- Easy maintenance for hassle-free upkeep.

Advantages

- Consistent product quality and characteristics.
- Cost savings through reduced processing time.
- Integrated safety features prioritize operator well-being.
- Customizable design for specific needs.
- Long-lasting durability and corrosion resistance.
- Versatile applications across industries.
- Enhanced efficiency in mixing processes.
- Compliance with industry regulations and standards.
- Precise control over mixing parameters.

Application

- Chemical synthesis
- Pharmaceutical manufacturing
- Food processing
- Cosmetics
- Paints and coatings
- Petrochemicals
- Biotechnology
- Adhesives and sealants
- Wastewater treatment chemical mixing.

Technical specifications

Model	Volume(L)	Dimensions (mm3)	Motor Power(KW)	Speed (r/min)
KE-MV-50P	50	400×400×1600	0.55	120
KE-MV-100P	100	500×500×1700	0.75	120
KE-MV-200P	200	700×500×1800	1.1	120
KE-MV-500P	500	9500×1100×2000	1.5	120
KE-MV-1000P	1000	1000×1200×3300	2.2	120
KE-MV-2000P	2000	1200×1500×3200	3	100
KE-MV-5000P	5000	1800×1800×4000	5.5	36
KE-MV-10000P	10000	2400×3600×6000	7.5	36

We can design customized solutions according to customer needs.

OUR CLIENTS

THANK YOU
