ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Powder Transfer System

A powder transfer system plays a pivotal role in various industries where the efficient handling and transfer of powders are essential for manufacturing processes. These systems are designed to safely and precisely move powdered materials from one location to another, ensuring accurate dispensing, minimal waste, and adherence to stringent quality standards. Whether in pharmaceuticals, food processing, chemical manufacturing, or other sectors, powder transfer systems offer a reliable solution for maintaining product integrity and operational efficiency.

Main Components of Powder Transfer System:

- A vacuum conveying system utilizing Roots Blower, Modular construction equipment
- Jet Air Wand with Air regulating Damper
- Jet Air Wand fitted with stainless steel wire mesh to stop foreign particles entry in to process.
- Entire transfer through electro polished pipe with curvilinear bends and isolating valves both manual & pneumatically actuated.
- Suitable filters pleated 5 micron in the product unloading chamber, pulse jet type for inside cleaning.

Features

- Material Compatibility
- Dust Containment
- Closed System Design
- Flexibility
- Hygienic Design
- Vacuum or Pressure Conveying
- Powder Monitoring and Measurement
- Automation and Control Systems

Advantages

- Minimized Contamination
- Improved Safety
- Enhanced Process Efficiency
- Accurate Dosing and Dispensing
- Reduced Material Loss
- Flexibility in System Design
- Hygienic Design for Food and Pharma Industries
- Reduced Manual Handling
- Integration with Process Control Systems
- Compliance with Regulatory Standards

Application

- Grain and beverage products
- Building Material
- Industrial processing
- Food Processing
- Plastic
- Medicine
- Fertilizer

OUR CLIENTS

THANK YOU

UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
