# READY TO EAT MEALS FOOD PROCESSING PLANT

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Ready To Eat Meals Food Processing Plant

Welcome to our Ready-to-Eat Meals Food Processing Plant, where innovation meets convenience in food production. With an unwavering commitment to quality, freshness, and strict adherence to food safety regulations, our facility crafts a diverse range of ready-to-eat meals tailored for contemporary lifestyles. Our menu boasts an array of options bursting with superb flavor and nutritional value, spanning from comforting soups to delectable main courses.

As a sustainable company, we prioritize sourcing the finest ingredients with minimal environmental impact, ensuring our meals are not only delicious but also environmentally responsible. At our plant, we elevate the standard for healthy, satisfying meals by seamlessly blending culinary creativity with practicality, catering to the diverse tastes and needs of our discerning customers. Join us as we redefine convenience and nourishment in the modern food landscape.

### Features

- Focus on quality, freshness, and strict food safety regulations.
- Preparation of a variety of ready-to-eat meals for contemporary lifestyles.
- Menu offering superb flavor and nutrition, including soups and main courses.

- Integration of culinary creativity with practicality for fulfilling meals.
- Packaging solutions that ensure freshness and convenience.
- Commitment to delivering healthy, satisfying meals to consumers.

### Advantages

- Customizable meal options to cater to diverse preferences.
- Innovative culinary techniques for delicious and satisfying meals.
- Convenient meal options for busy lifestyles.
- Emphasis on quality, freshness, and food safety.
- Diverse menu offerings from soups to main courses.
- Superb flavor and nutritional value in every meal.
- Commitment to customer satisfaction and culinary excellence.

### Application

- Emphasize quality, freshness, and strict food safety standards.
- Source ingredients sustainably to minimize environmental impact.
- Cater to diverse tastes and dietary preferences.
- Prioritize convenience without compromising on taste or health.
- Ensure meals are ready for consumption without additional preparation.
- Prepare a variety of options, from soups to delicious main courses.
