# SINGLE FLUID HEATING COOLING SYSTEM

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Single Fluid Heating Cooling System

Introducing the revolutionary Single Fluid Heating Cooling System, a groundbreaking advancement in manufacturing temperature control that has reshaped industry standards. This innovative system revolutionizes thermal management by seamlessly integrating heating and cooling functions into a single fluid circuit, thereby minimizing energy consumption and ensuring precise regulation.

Engineered for reliability, it delivers consistent performance across a diverse array of applications, from food production to chemical processing. Not only does it offer an environmentally friendly solution to thermal management challenges, but it also epitomizes engineering excellence. Experience the temperature control of tomorrow, redefining benchmarks for performance and efficiency, and ushering in a new era of productivity and sustainability.

### Features

- Combines both functions into a single fluid circuit for streamlined temperature control.
- Ensures accurate temperature control for enhanced product quality and consistency.
- Minimizes energy usage by optimizing heat transfer processes.
- Suitable for a wide range of industries including food production and chemical processing.

- Compact system footprint allows for efficient utilization of floor space.
- Simplified design facilitates straight forward upkeep and servicing.
- Represents the next generation of temperature control systems, setting new standards for efficiency and performance.

### Advantages

- Minimizes energy usage by combining heating and cooling functions into a single fluid circuit.
- Ensures accurate control over temperatures for enhanced process efficiency.
- Engineered for dependable performance, providing consistent results in various operating conditions.
- Ensures optimal operating conditions, leading to increased productivity and throughput.
- Represents the forefront of temperature control innovation, offering a solution that meets evolving industry needs.

### Application

- Manufacturing
- Food production
- Chemical processing
- Pharmaceutical industry
- Energy efficiency
- Environmental sustainability
- Reliable performance
- Reduced maintenance

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us  
+91-22 48255071,  
48255072

## UNIT 2

Plot No. B-47, Addl. Midc Anandnagar, Ambernath (E), Dist. Thane (India)- 421506

Contact Us  
+91(0251)26205  
42/43/44/45/46

## KRDC

Plot No K2, Industrial Gala F4A, D- Wing, MGN Properties, Opposite Godrej Co., Addl MIDC Anand Nagar, Ambernath (E)- 421506 (India)

Contact Us  
+91-2512620543/44

## UNIT 4 (EUROPE)

Kerone Engineering Solutions LTD. (EMitech) Viale della Palma, 7, 70033 Corato BA, Italy (Europe)

## UNIT 5 (THAILAND)

Thailand Representative:  
163 Rajapark Building,  
18th floor, Sukhumvit 21  
Road (Asoke), Wattana,  
Bangkok - 10110, Thailand

Contact Person  
G.Vivekanand  
+6689 500 9821

## Uzbekistan / Kazakhstan (Office)

TIT Company LLC: 100060,  
2, A. Kahhar, Tashkent,  
Uzbekistan

Contact Person  
Mr. Slava
