

SKID MOUNTED PROCESS UNITS

48⁺ Years
Of experience

In Association with SVCH-Technologii, Moscow (Russia)

ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

TRUSTED PARTNERS

Skid Mounted Process Units

Skid-mounted process units are compact, pre-assembled systems integrating process equipment, instrumentation, and controls onto a single or multiple skids for easy transportation and installation. These modular units offer flexibility, scalability, and cost-effectiveness, catering to industries like oil and gas, chemical processing, and pharmaceuticals.

By reducing on-site construction time, optimizing space, and enabling rapid deployment, skid-mounted units streamline project execution, enhance operational efficiency, and ensure adherence to quality and safety standards before on-site installation, making them a popular choice for industries requiring efficient and adaptable process solutions.

Features

- Components are designed to be easily integrated and interchanged.
- Units are built to occupy minimal space, ideal for installations with space constraints.
- Skids can be customized to meet specific process requirements.
- Equipped with safety systems and instrumentation for safe operation.
- Units can be scaled up or down to accommodate changing process needs.

- Transportability
- Withstands High Temperatures
- Hassle free functions.
- Energy Efficient
- Increased Heater Life

Advantages

- Ease of Transportation
- Reduced Installation Time
- Cost Savings
- Flexibility and Scalability
- Quality Control
- Minimized Site Disruption
- Quick Deployment
- Standardization
- Integration of Multiple Processes
- Remote Monitoring and Control
- Compliance with Standards

Application

- Oil and Gas Industry
- Chemical Processing
- Water and Wastewater Treatment
- Food and Beverage Industry
- Power Generation
- Renewable Energy
- Petrochemical Industry

OUR CLIENTS

THANK YOU

UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)
