# WEB COATING MACHINE

In Association with SVCH-Technologii, Moscow (Russia)  
ISO 9001:2015 | ISO 14001:2015 | ISO 45001:2018

# ABOUT US

KERONE is now renowned for serving the specialized needs of customers with the best quality and economical process of application engineering solutions and industrial heating products manufactured in a high-quality environment by a trained and qualified workforce (special purpose machinery)

KERONE is a pioneer in application and implementation engineering with its vast experience and team of professionals.

KERONE is devoted to serve the industry to optimize its operations both economically and environmentally with its specialized process engineering solutions.

KERONE is having immense expertise in manufacturing and implementing various types of engineering solutions.

KERONE is possessing employee strength of more than 280+ experts continuously putting efforts for happy industrial engineering solutions

48+ Years Manufacturing Excellence

Great Sale Support

Highly Customized Product

Adherence to Standards

Sound Infrastructure

Team of experts Delivering Quality

Timely Delivery

Cost Effective Solutions

# WHY CHOOSE US

"Choose Kerone for innovative solutions tailored to your unique product needs, ensuring efficiency, reliability, and unmatched quality."

With decades of expertise, cutting-edge technology, and a customer-centric approach, Kerone Engineering offers tailor-made Applications Engineering solutions that prioritize quality, flexibility, and cost-effectiveness. Benefit from our commitment to excellence, post-sales support, and innovative solutions for your unique Applications Engineering needs. Choose Kerone Engineering for reliability, performance, and unmatched value.

## MISSION

To enhance the value of customer operation through our customer need centric engineering solution.

We are committed to providing our customers with unique and best-in-class products in the industrial thermal processing segments. Through strategic tie-ups for technical know-how with renowned leaders in industry-specific segments, we ensure that our offerings meet the highest standards of quality and innovation.

## VISION

Turn into a world leader in providing specialized, top-notch quality and ecological industrial heating, cooling, and drying solutions across the globe.

To attain global recognition as the best of quality and environment-friendly engineering solution company.

Enhance the value of customer operation through our customer need centric engineering solution.

# TRUSTED PARTNERS

## Web Coating Machine

Web coating machines have revolutionized conventional coating techniques like roll coating, offering superior advantages such as the ability to apply multi-layer and pattern coatings with greater gauge control while minimizing material usage. These cutting-edge machines boast precise tolerances of up to 75 nanometers, meeting the exacting requirements of diverse applications and processes. With over 48+ years of experience, KERONE specializes in designing and manufacturing customized coating and impregnation systems tailored to our clients' industrial processing needs.

Our expertise extends to crafting web coating machines that are precisely engineered to fit the specifications and scale of our clients' operations, ensuring flawless finishes and consistent heat distribution. Utilizing premium materials both internally and externally, each web coating machine is meticulously crafted to deliver exceptional performance and reliability. Web coating, a continuous process of applying coatings onto substrates ranging from plastic and paper to metal and cloth, offers an economical, highly efficient, and cost-effective solution, making it the preferred choice for various industries seeking high production rates and quality outcomes.

### Features

- Spot or full-flood coating capabilities
- Servo driven with circumferential and lateral registration.
- Remote-mounted touch screen controller
- Idler rollers for proper web routing
- Dual "Smart Pump" pneumatic circulation system
- Harris & Bruno Chamber System
- Ease of Maintenance

### Advantages

- Precision Coating
- Increased Efficiency
- Customizable Coating
- Variety of Substrates
- Quality Control
- Automation and Integration
- Enhanced Product Performance
- Drying and Curing Systems
- Wide Range of Applications

### Application

- Battery Manufacturing
- Automotive Industry
- Flexible Electronics
- Labeling and Tape Production
- Electronic Industry
- Optical Films
- Photovoltaic Industry
- Medical Industry

# OUR CLIENTS

# THANK YOU

## UNIT 1

4 & 5, Marudhar Industrial Estate, Gas Godown Lane, Goddev Fatak Road, Bhayander (E), Dist. Thane - 401105. (India)

Contact Us  
+91-22 48255071,
